Local Firm Wins Contract

Watlington based company Anders Heating Co. Limited were pleased to win the contract to supply Leadbitter Construction with the heating and plumbing services for the new Britwell Road affordable housing. Leadbitter Construction started on site in January 2007 building 12 rental properties and six part-buy, part rent.

Tim Anders, Managing Director says 'We are delighted to provide a service for our local community with the plumbing and heating installation for the much needed affordable housing in Watlington'.

Anders Heating are a local company employing several local people and have been established in Watlington for nearly 12 years. They provide a specialist service from design through to completion. Using innovative products their aim is to provide for a sustainable future and have recently expanded their services to include underfloor heating, solar energy, ground source heating and rainwater harvesting.
